The Cash 20 sh. h^ol^d 18th. cost
at 18% prem. on 250 = \$545.

If they give now 9%, and in Dec^r.
10 = 19% will be \$47.50 int. on
what cost me 545. i. e. $\frac{47.50}{545} = 8.64$.
But Dec. at once

9% on 200 of 250 cost is 527. Divide
 $\frac{47.50}{527} =$ gives 9% an actual cost per
annum. But money will not
command more than 7%. Hence
hope may not lose

stating that such arrangement would not
interfere with any work now in
hand of his Ch. here. This G. P.
was the D^r's own suggestion, as
"he had heard of us as pioneers".

I said that I thought there was
ample room for more than we
sustain, & if he were the
the Chaplain he rejoiced in it.

He was amused at what we
heard of here &c.

Persons Gilbert and Monro were called away to testify about antreago at the Chap. door - breaking it and the windows - & capturing the life.

Mr Guy and "exposed with a Pithons" are Gen. 27 Creation of man in image of God: well drawn, systematic, no hesitation, no catch.

Mr Gilbert on nature of sin and its proper punishment; quoting from a Bps. in Boston some damaging citations.

In the Evs. I gave a list of the missions in this Co. giving the Engl. Ch. the lead.

An evening fast with sermon on Ambassadors for x - very good & finished.

Thursday. Aug 27/68.

Called on Mr. Platt Gana-
ah. in ~~corporating~~ school
Society. Very civil, & gave
no opinion but wd help if I
wd send him Statutes.

Eastman did not think there
was much use in seeing the
President. E. the Court heard
any refer to the minister - that
he, E., was ashamed to take any
one for that was so often done.

Called on J. Whitcomb Macey
pro-sec. of Cham. & spent time to
learn about elect. primaries
Society. They are incorporated.
He will find me their statutes
and aid me in any way.

Benj. V. McKenna off me a
seat in the Cham. among Est-
distinguished & Varas was to
speak. So I went in & heard him
defend Chap. Court.

of Chap. Court was pretty 2

notable abandon of duties in not
having visited the prisoners;

- T. maint^d that was not a
gr^d ba accusation, but may be
he can't fulfill duty in any
case; & then that the Court had
visited City papers &c: refer^d
to some occas. when it said and
a Committee was sent.

2/. Not ant^h to Pres^t observa-
tions on pt^l crisis in the
Conf. Civil

- Similar answering

3/. Court not open on Thurs-
day.

- Reply because no cases

4/. Lawyers had not free access
to court.

- Reply they had when there were
no cases & the bar was placed
at the door.

5/ In a conversation Giggs -
now Court had decided fully
- that all the Creditors had
assented; & that all
who assented had agreed to
- that the Creditors had paid
for. Concerned one Creditor,
wh. they had no right to do with
funds belonging to others not
present. That 3 were not
present and with their funds
the Decree and Cred. was paid.
& had agreed that Creditors
had power to do what was for
benefit of the whole.

Here I apprehended was a slip
of the Court.

Saunders said any creditor
of law of 1864 pay another
claim; but not out of
funds belonging to all - unless
all consent?

6/ Court had declared valid a doc^t that was falsified.

9/ That the court had refused to alter the law in relation to cases of homicide.

8/ Had exempted a man from Costs who had been acquitted.

7/ Sup. Ct had acquitted a man when judges were equally divided - that was the law

He was strong in rebuking & leaving old animosities.

Laurens said this was the mood of the clergy - the outlook. - That if Sup. Ct were cast he sh^d fear for the tranquility of the Country & it was just back 50 yrs. That it was an important moment.

He introduced me to Mr. Varas
whose spouse kindly.

D. Santanaria &
Mr. Armattha came to speak
to me.

J. Whitlando Stacey came
& led me to the refreshment room
& take a glass of wine. I went
but declined to take.
